New Delhi, India – May 13, 2025 – Tiger Logistics (India) Limited, a leading end-to-end international logistics provider, has been honoured as the *Logistics Champion in the Mid-Sized Companies category* by the Institute of Supply Chain Management (ISCM) in the *ISCM Logistics Ranking 2025*.

This recognition celebrates Tiger Logistics' consistent excellence in international freight forwarding and project logistics. The company's asset-light, service-centric model offers seamless logistics solutions across ocean, air, and land transportation. Its expertise includes customs clearance, cargo consolidation, and handling of over-dimensional and defence cargo with precision and compliance.

A standout feature of Tiger's operations is its focus on defence and project logistics, where it manages complex consignments with high standards of accuracy and dependability. In addition, the company's proprietary digital tools — including real-time tracking and smart documentation management — have significantly enhanced transparency and customer engagement.

Dr. Rakesh Singh, Chairman of ISCM, commended the company's achievements, emphasising its leadership in niche logistics segments and its efforts in enhancing operational efficiency across industries such as engineering, automotive, and heavy machinery.

Mr. Harpreet Singh Malhotra, CMD of Tiger Logistics (India) Limited, said, *"We are truly honoured to be named a Logistics Champion by the Institute of Supply Chain Management. For our shareholders, this recognition is a strong signal of our ability to grow sustainably, win large and complex projects, and build long-term value. As we continue to invest in digital tools and expand our reach, we are confident of achieving even greater milestones in the future."
